## Bilateral Meetings

- Tuesday 16:00 - 18:30
- Wednesday 09:00 - 10:45

### Description

Nordson EFD is the world's leading precision dispensing equipment and systems manufacturer. Our engineered fluid control systems are trusted for applying controlled amounts of adhesives, sealants, lubricants and other assembly fluids that increase productivity for nearly every industrial manufacturing process. In the Automotive industry, Nordson EFD fluid dispensing solutions deliver smaller deposits, higher accuracy, lower dispense tolerances.
