## Bilateral Meetings

- Tuesday 16:00 - 18:30
- Wednesday 09:00 - 10:45

### Description

Company **Nomis Ltd.** was founded in 2000, and is based in Zagreb, Croatia.

The activity of the company is distribution of polymer materials - granulates, masterbatches and additives for polymer materials, injection and blow molding machines, peripherals, conveyor belts, lubricants and protective agents for molds and machines.

We are official distributors and representatives of the following international manufacturers:

Polymer materials - granulates: **BASF, Lanxess, Borealis, MOL and Synthos**

Masterbatches and additives for polymer materials: **Clariant and Lifocolor**

Lubricants and protective agents for molds and machines: **Chem Trend**

Injection molding machines: **Arburg**

Blow molding machines: **Kautex and Plastiblow**

Peripherals: **Moretto, Greenbox and Rapid**

Conveyor belts: **Virginio Nistri**

MIM furnaces: **Elnik**

We keep in stock the majority of aforementioned products so it is possible to deliver quantities of 25 kg (one bag) and more. According to the agreement the goods are delivered to end customers.

As official representatives we provide installation, service and spare parts for aforementioned machines and equipment.

The regions that we cover are Croatia, Bosnia and Herzegovina, Serbia, Macedonia, Albania and Kosovo.

The company strategy is to provide customers a professional service that includes high quality materials and equipment, high quality and optimal technical solutions with the technical support based on many years of experience.

In line with the improvement of business in 2013, we have implemented ISO 9001:2008 certificate in order to enhance our business operations.

Offer

### **Injection molding machines: Arburg**

Company ARBURG is one of the world's leading manufacturers of high-end molding machines and spare parts for plastics processing. In 60 years of manufacturing molding machines, ARBURG turned into one of the most innovative manufacturers in their field, which corresponds with its solutions to the most complicated requirements. Each machine is manufactured according to customer requirements - "tailor made".

#### Cooperation Offered

1. Outsourcing co-operation
2. Technical co-operation
3. Sales / Distribution

Offer

### **Peripherals: Moretto, Greenbox and Rapid**

The company Greenbox Srl is a leader in industrial cooling machines and temperature control systems.

In its 70 years of existence, the company Rapid Granulator AB is defined as one of the most important manufacturers of grinding equipment in the world. The complete range that can be adjusted, along with the dedicated team of engineers, is ready to respond to any specific request in order to provide a fully optimized solution for every problem.

Moretto Plastics Automation is a young company that is ranked among the top five manufacturers of automation in the process of processing polymers since 1970. With three branches in the world and skilled sales network company is covering 52 countries, adapting to the growing market of flexible solutions from day to day. A team of 200 motivated professionals are finding new innovative solutions in polymer processing on a daily basis.

**Keywords: Rapid Greenbox Moretto**

**Cooperation Offered**

1. Sales / Distribution
2. Technical co-operation

**Offer**

### **Polymer materials - granulates: BASF, Lanxess, Borealis, MOL and Synthos**

Company NOMIS offers its customers a wide range of polymer material granulates: polyolefins (PE, PP), polystyrene (PS), copolymers based on styrene (ABS, ASA, SAN, SBS), technical plastics (PA, PC, POM, PBT) elastomers (TPV, SEBS, TPU, EVA) as well as special materials manufacturers in the world such as BASF, Borealis, Lanxess, Bayer, TVK, Synthos, Elix.

**Cooperation Offered**

1. Technical co-operation
2. Sales / Distribution
