Bilateral Meetings

- Tuesday 16:00 - 18:30
- Wednesday 09:00 - 10:45

Description

Our core activity is manufacturing. A combination of two manufacturing programs allows us to provide a full service to our customers. We are specialized for the production and manufacturing of: - cable harnesses, cable sets/accessories and wiring, - various power cords, - cable sets with sensor-aided technique, - injection moulding of technical plastic parts, - aluminum metallization of technical plastic parts with state-of-the-art physical vapor deposition (PVD) with vertical coating machine, - assembly (fitting) of various complexes and links for industry.
